Appendix	203

INTRODUCTION

The purpose of the 1988 Annual Planning Information publication is to provide planners with labor market information that will be helpful in the development of service delivery area plans. The publication is divided into fourteen sections according to service delivery area (SDA). An appendix follows the last SDA section.

Each SDA section contains a narrative of highlights and conclusions, which is based on information found in the seven tables following each narrative. The tables contain data on population, labor force, industrial employment, unemployment insurance claimants, economically disadvantaged persons, veterans, and wage levels. A detailed list of tables follows this introduction.

The appendix contains a list of table sources. It also contains a list of names, addresses, and telephone numbers of the Research and Statistics field analysts with the SDA(s) for which they are responsible. If further information is needed concerning this publication, the field analyst or the Labor Market Information Unit in the central office should be contacted.

Note: Material in this publication is in the public domain and may be reproduced without permission of state government. Please credit the Tennessee Department of Employment Security, Research and Statistics Division, and cite the name of the publication.

SDA 1

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 1

In 1986, Service Delivery Area 1 experienced small economic changes. Total nonagricultural employment decreased from 116,600 in 1985 to 116,100 in 1986, or 0.4 percent. Manufacturing employment remained at 39,800. The manufacturing industries with the largest increases were apparel and all other durable. The largest decreases were in electrical and electronic machinery, textile mill products, and transportation equipment. Nonmanufacturing employment decreased from 76,800 to 76,300, or 0.7 percent. The service industry had the largest net employment increase. The contract construction, trade, and government sectors had decreased employment.

Total population for Service Delivery Area 1 is projected to be 325,245 persons in 1987. Whites will make up 97.6 percent of the population; blacks will make up 2.0 percent. Approximately 48.5 percent of the total population will be male; 51.5 percent will be female. Persons 16 to 21 years old will number 30,634, or 9.4 percent of the population; persons 65 and over will make up 13.0 percent.

Total labor force is expected to be 156,800 in 1987. More than 97 percent of the labor force will be white; blacks will make up 1.8 percent. The labor force will consist of 92,874 males, or 59.2 percent of the total, and 63,926 females, or 40.8 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment at 34.2 percent. Males will have equal or lower unemployment rates than females except for those persons 65 and older.

Persons drawing unemployment benefits totaled 30,737 for the period July 1, 1986, through March 31, 1987. Whites made up 96.0 percent of the total;

males made up 53.1 percent. Clerical and sales occupations had the greatest proportion of the total unemployed at 22.5 percent; farming, fishery, and forestry reported the fewest claims at 0.9 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 40,187; 45.6 percent of these people will be age 55 or older. Whites will make up 95.3 percent of the adults below the poverty level. It is estimated that 7,210 youth 16 to 21 years of age will be below the poverty level; 92.3 percent of these persons will be white and 6.1 percent will be black.

The veteran population in Service Delivery Area 1 as of March 31, 1986, was 41,890. Vietnam era veterans totaled 13,120, or 31.3 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 1 in 1985 was 107,843; the average yearly wage was $17,277. The average covered employment in the services industry was 18,206; the average yearly wage in that industry was $15,600.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 2

In 1986, Service Delivery Area 2 saw positive economic signs. Total nonagricultural employment rose from 84,580 in 1985 to 88,890 in 1986, or 5.1 percent. Manufacturing employment increased by 0.1 percent to 37,460. The manufacturing industries with the largest increases were stone, clay, and glass; furniture; and paper. The largest decreases were in all other nondurables, electrical, and electronic equipment, and textiles. Nonmanufacturing employment increased from 47,170 to 51,430, or 9.0 percent. The services industry had the largest net employment increase. No decreases occurred in any nonmanufacturing industry.

Total population for Service Delivery Area 2 is projected to be 330,888 persons in 1987. Whites will make up 97.5 percent of the population; blacks will make up 2.2 percent. Approximately 49.1 percent of the total population will be male, 50.9 percent female. Persons 16 to 21 years old will number 31,505, or 9.5 percent of the population; persons 65 and over will make up 11.9 percent.

Total labor force is expected to be 155,869 in 1987. More than 97 percent of the labor force will be white; blacks will make up 2.2 percent. The labor force will consist of 92,887 males, or 59.6 percent of the total, and 62,982 females, or 40.4 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 43.8 percent. Males will have lower unemployment rates than females for all age groups.

Persons drawing unemployment benefits totaled 34,284 for the period July 1, 1986 through March 31, 1987. Whites made up 96.5 percent of the total; males made up 50.0 percent. Clerical and sales occupations had the greatest

portion of the total unemployed at 19.0 percent; farming, fishery, and forestry reported the fewest claims at 1.0 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 49,503; 44.7 percent of these people will be age 55 or older. Whites will make up 96.1 percent of the adults below the poverty level. It is estimated that 8,441 youth 16 to 21 years of age will be below the poverty level; 93.6 percent of these persons will be white and 5.0 percent will be black.

The veteran population in Service Delivery Area 2 as of March 31, 1986, was 33,890. Vietnam era veterans totaled 10,900, or 32.2 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 2 in 1985 was 86,707; the average yearly wage was $13,677. The average covered employment in the services industry was 12,328; the average yearly wage in that industry was $11,013.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 3

In 1986, Service Delivery Area 3 saw positive economic signs. Total nonagricultural employment rose 159,560 in 1985 to 165,200 in 1986, or 3.5 percent. Manufacturing employment decreased by 3.2 percent from 33,720 to 32,640. The manufacturing industries with the largest increases were apparel, all other durable, and transportation equipment. The largest decreases were in fabricated metal products, all other nondurable, and lumber. Nonmanufacturing employment increased from 125,840 to 132,560, or 5.3 percent. The services industry had the largest net employment increase, while a decrease occurred in the finance, insurance, and real estate industry.

Total population for Service Delivery Area 3 is projected to be 417,218 persons in 1987. Whites will make up 90.9 percent of the population; blacks will make up 8.2 percent. Approximately 48.5 percent of the total population will be male, 51.5 percent will be female. Persons 16 to 21 years old will number 38,599, or 9.3 percent of the population; persons 65 and over will make up 12.3 percent.

Total labor force is expected to be 200,531 in 1987. More than 92 percent of the labor force will be white; blacks will make up 6.6 percent. The labor force will consist of 114,949 males, or 57.3 percent of the total, and 85,582 females, or 42.7 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 27.0 percent. Males will have lower unemployment rates than females for all age groups except those persons 65 and older.

Persons drawing unemployment benefits totaled 28,823 for the period July 1, 1986, through March 31, 1987. Whites made up 84.9 percent of the total; males made up 54.7 percent. Clerical and sales occupations

had the greatest portion of the total unemployed at 27.7 percent; farming, fishery, and forestry reported the fewest claims at 0.9 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 46,038; 40.0 percent of these people will be age 55 or older. Whites will make up 82.3 percent of the adults below the poverty level. It is estimated that 11,406 youth 16 to 21 years of age will be below the poverty level; 79.7 percent of these persons will be white and 17.9 percent will be black.

The veteran population in Service Delivery Area 3 as of March 31, 1986, was 50,760. Vietnam era veterans totaled 16,650, or 32.8 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 3 in 1985 was 156,079; the average yearly wage was $16,152. The average covered employment in the services industry was 32,780; the average yearly wage in that industry was $15,227.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 4

In 1986, Service Delivery Area 4 saw positive economic signs. Total nonagricultural employment rose from 67,590 in 1985 to 70,160 in 1986, or 3.8 percent. Manufacturing employment decreased by 1.0 percent from 29,030 to 28,740. The manufacturing industries with the largest increases were fabricated metal products and nonelectrical machinery. The largest decreases were in the food and kindred products and the electrical and electronic equipment industries. Nonmanufacturing employment increased from 38,560 to 41,420, or 7.4 percent. The trade industry had the largest net employment increase; a decrease occurred in the all other nonmanufacturing industries.

Total population for Service Delivery Area 4 is projected to be 260,771 persons in 1987. Whites will make up 97.5 percent of the population; blacks will make up 2.0 percent. Approximately 48.9 percent of the total population will be male; 51.1 percent will be female. Persons 16 to 21 years old will number 24,053, or 9.2 percent of the population; persons 65 and over will make up 13.2 percent.

Total labor force is expected to be 116,161 in 1987. More than 96 percent of the labor force will be white; blacks will make up 2.0 percent. The labor force will consist of 69,549 males, or 59.9 percent of the total, and 46,612 females, or 40.1 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 49.3 percent. Females will have equal or lower unemployment rates than males for all age groups.

Persons drawing unemployment benefits totaled 25,348 for the period July 1, 1986, through March 31, 1987. Whites made up 96.9 percent of the total; males made up 52.5 percent. Clerical and sales occupations had the greatest

greatest portion of the total unemployed at 18.5 percent; farming, fishery, and forestry reported the fewest claims at 1.1 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 36,443; 43.8 percent of these people will be age 55 or older. Whites will make up 95.8 percent of the adults below the poverty level. It is estimated that 6,709 youth 16 to 21 years of age will be below the poverty level; 94.3 percent of these persons will be white and 3.0 percent will be black.

The veteran population in Service Delivery Area 4 as of March 31, 1986, was 29,400. Vietnam era veterans totaled 8,730, or 29.7 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 4 in 1985 was 70,468; the average yearly wage was $17,867. The average covered employment in the services industry was 13,522; the average yearly wage in that industry was $20,196.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 5

In 1986, Service Delivery Area 5 saw negative economic signs. Total nonagricultural employment decreased from 54,270 in 1985 to 54,060 in 1986, or 0.4 percent. Manufacturing employment decreased by 4.1 percent from 26,140 to 25,070. The manufacturing industries with the largest increases were furniture and stone, clay, and glass. The largest decreases were in the apparel and the food and kindred products industries. Nonmanufacturing employment increased from 28,130 to 28,990, or 3.0 percent. The services industry had the largest net employment increase; declines occurred in contract construction, transportation and public utilities, government, and all other nonmanufacturing.

Total population for Service Delivery Area 5 is projected to be 172,112 persons in 1987. Whites will make up 95.9 percent of the population; blacks will make up 3.6 percent. Approximately 48.8 percent of the total population will be male; 51.2 percent female. Persons 16 to 21 years old will number 16,931, or 9.8 percent of the population; persons 65 and over will make up 11.3 percent.

Total labor force is expected to be 85,452 in 1987. More than 95 percent of the labor force will be white; blacks will make up 3.6 percent. The labor force will consist of 49,902 males, or 58.4 percent of the total, and 35,550 females, or 41.6 percent. Other races in the 55 to 64 years old range are expected to have the highest unemployment rate at 57.1 percent. Males will have lower unemployment rates than females for all age groups except 16 to 21.

Persons drawing unemployment benefits totaled 14,903 for the period July 1, 1986, through March 31, 1987. Whites made up 93.3 percent of the total; males made up 53.6 percent. Clerical and sales occupations had the

greatest portion of the total unemployed at 20.4 percent; farming, fishery, and forestry reported the fewest claims at 1.4 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 20,140; 47.8 percent of these people will be age 55 or older. Whites will make up 93.6 percent of the adults below the poverty level. It is estimated that 3,363 youth 16 to 21 years of age will be below the poverty level; 95.2 percent of these persons will be white and 4.2 percent will be black.

The veteran population in Service Delivery Area 5 as of March 31, 1986, was 16,890. Vietnam era veterans totaled 5,390, or 31.9 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 5 in 1985 was 51,734; the average yearly wage of $15,580. The average covered employment in the services industry was 6,030; the average yearly wage in that industry was $12,969.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 6

In 1986, Service Delivery Area 6 saw positive economic signs. Total nonagricultural employment rose from 163,900 in 1985 to 169,700 in 1986, or 3.5 percent. Manufacturing employment decreased by 1.9 percent from 41,200 to 40,400. The manufacturing industries with the largest increases were food and kindred products, chemicals and allied products, and all other durable. The largest decreases were in all other nondurable and textile mill products. Nonmanufacturing employment increased from 122,700 to 129,300, or 5.4 percent. The trade industry had the largest net employment increase, while decreases occurred in construction, government, and all other nonmanufacturing.

Total population for Service Delivery Area 6 is projected to be 392,366 persons in 1987. Whites will make up 82.7 percent of the population; blacks will make up 16.7 percent. Approximately 48.5 percent of the total population will be male; 51.5 percent female. Persons 16 to 21 years old will number 36,778, or 9.4 percent of the population; persons 65 and over will make up 11.9 percent.

Total labor force is expected to be 175,011 in 1987. More than 84 percent of the labor force will be white; blacks will make up 14.0 percent. The labor force will consist of 100,399 males, or 57.4 percent of the total, and 74,612 females, or 42.6 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 27.5 percent. Females will have equal or lower unemployment rates than males for all age groups.

Persons drawing unemployment benefits totaled 31,403 for the period July 1, 1986, through March 31, 1987. Whites made up 74.8 percent of the total; males made up 54.4 percent. Clerical and sales occupations had the

greatest portion of the total unemployed at 22.1 percent; farming, fishery, and forestry reported the fewest claims at 0.8 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 44,138; 41.8 percent of these people will be age 55 or older. Whites will make up 70.1 percent of the adults below the poverty level. It is estimated that 8,470 youth 16 to 21 years of age will be below the poverty level; 58.9 percent of these persons will be white and 38.1 percent will be black.

The veteran population in Service Delivery Area 6 as of March 31, 1986, was 42,860. Vietnam era veterans totaled 13,110, or 30.6 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 6 in 1985 was 143,477; the average yearly wage was $16,329. The average covered employment in the services industry was 25,897; the average yearly wage in that industry was $14,456.

SDA 7

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 7

In 1986, Service Delivery Area 7 saw positive economic signs. Total nonagricultural employment rose from 59,720 in 1985 to 62,090 in 1986, or 4.0 percent. Manufacturing employment decreased by 0.6 percent from 28,180 to 28,000. The manufacturing industries with the largest increases were all other nondurable and all other durable. The largest decreases were in fabricated metal products and apparel. Nonmanufacturing employment increased from 31,540 to 34,090, or 8.1 percent. Government had the largest net employment increase; a decrease occurred in all other nonmanufacturing.

Total population for Service Delivery Area 7 is projected to be 226,284 persons in 1987. Whites will make up 98.0 percent of the population; blacks will make up 1.6 percent. Approximately 49.1 percent of the total population will be male; 50.9 percent will be female. Persons 16 to 21 years old will number 21,135, or 9.3 percent of the population; persons 65 and over will make up 13.9 percent.

Total labor force is expected to be 105,081 in 1987. More than 97 percent of the labor force will be white; blacks will make up 1.7 percent. The labor force will consist of 60,216 males, or 57.3 percent of the total, and 44,865 females, or 42.7 percent. Other races in the 16-to-21 year-old range are expected to have the highest unemployment rate at 27.3 percent. Females will have equal or lower unemployment rates than males for all age groups.

Persons drawing unemployment benefits totaled 26,520 for the period July 1, 1986, through March 31, 1987. Whites made up 97.6 percent of the total; males made up 47.5 percent. Benchwork occupations had the greatest portion of the total unemployed at 28.4 percent; farming, fishery, and forestry reported

the fewest claims at 1.4 percent. The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 34,997; 52.0 percent of these people will be age 55 or older. Whites will make up 96.6 percent of the adults below the poverty level. It is estimated that 5,573 youth 16 to 21 years of age will be below the poverty level; 95.9 percent of these persons will be white and 2.5 percent will be black.

The veteran population in Service Delivery Area 7 as of March 31, 1986, was 20,550. Vietnam era veterans totaled 6,150, or 29.9 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 7 in 1985 was 58,448; the average yearly wage was $12,570. The average covered employment in the services industry was 6,636; the average yearly wage in that industry was $11,155.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 8

In 1986, Service Delivery Area 8 saw positive economic signs. Total nonagricultural employment rose from 103,830 in 1985 to 109,780 in 1986, or 5.7 percent. Manufacturing employment decreased by 1.1 percent from 35,730 to 35,330. The manufacturing industries with the largest increases were fabricated metal products, apparel, and petroleum and refining. The largest decreases were in transportation equipment and primary metal industries. Nonmanufacturing employment increased from 68,100 to 74,450, or 9.3 percent. The services industry had the largest net employment increase; a decrease occurred in the transportation and public utilities industry.

Total population for Service Delivery Area 8 is projected to be 468,570 persons in 1987. Whites will make up 89.8 percent of the population; blacks will make up 9.4 percent. Approximately 49.9 percent of the total population will be male; 50.1 percent female. Persons 16 to 21 years old will number 44,545, or 9.5 percent of the population; persons 65 and over will make up 10.1 percent.

Total labor force is expected to be 232,361 in 1987. More than 90 percent of the labor force will be white; blacks will make up 8.1 percent. The labor force will consist of 135,704 males, or 58.4 percent of the total, and 96,657 females, or 41.6 percent. Other races in the 65 and over range are expected to have the highest unemployment rate at 73.7 percent. Males will have lower unemployment rates than females for all age groups.

Persons drawing unemployment benefits totaled 36,884 for the period July 1, 1986, through March 31, 1987. Whites made up 81.8 percent of the total; males made up 47.1 percent. Clerical and sales occupations had the

greatest portion of the total unemployed at 24.3 percent; farming, fishery, and forestry reported the fewest claims at 1.6 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 44,761; 50.2 percent of these people will be age 55 or older. Whites will make up 80.4 percent of the adults below the poverty level. It is estimated that 8,462 youth 16 to 21 years of age will be below the poverty level; 73.6 percent of these persons will be white and 24.7 percent will be black.

The veteran population in Service Delivery Area 8 as of March 31, 1986, was 48,850. Vietnam era veterans totaled 16,430, or 33.6 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 8 in 1985 was 98,389; the average yearly wage was $14,980. The average covered employment in the services industry was 13,625; the average yearly wage in that industry was $13,223.

SDA 9

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 9

In 1986, Service Delivery Area 9 saw positive economic signs. Total nonagricultural employment rose from 326,350 in 1985 to 336,260 in 1986, or 3.0 percent. Manufacturing employment decreased by 2.4 percent from 49,900 to 48,720. The manufacturing industries with the largest increases were transportation equipment and printing and publishing. The largest decreases were in nonelectrical machinery and apparel. Nonmanufacturing employment increased from 276,450 to 287,540, or 4.0 percent. The services industry had the largest net employment increase; a decrease occurred in transportation and public utilities.

Total population for Service Delivery Area 9 is projected to be 497,610 persons in 1987. Whites will make up 74.9 percent of the population; blacks will make up 24.0 percent. Approximately 47.8 percent of the total population will be male; 52.2 percent will be female. Persons 16 to 21 years old will number 43,257, or 8.7 percent of the population; persons 65 and over will make up 12.2 percent.

Total labor force is expected to be 279,951 in 1987. More than 79 percent of the labor force will be white; blacks will make up 19.2 percent. The labor force will consist of 151,127 males, or 54.0 percent of the total, and 128,824 females, or 46.0 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 19.0 percent. Females will have lower unemployment rates than males for all age groups except those 65 and older.

Persons drawing unemployment benefits totaled 32,180 for the period July 1, 1986, through March 31, 1987. Whites made up 58.0 percent of the total; males made up 55.9 percent. Clerical and sales occupations had the greatest portion of the total unemployed at 25.3 percent;

farming, fishery, and forestry reported the fewest claims at 0.8 percent.

The number of adults aged 22 and older who will be below the poverty level in 1988 is estimated at 44,622; 38.3 percent of these people will be age 55 or older. Whites will make up 56.4 percent of the adults below the poverty level. It is estimated that 10,435 youth 16 to 21 years of age will be below the poverty level; 46.5 percent of these persons will be white and 50.9 percent will be black.

The veteran population in Service Delivery Area 9 as of March 31, 1986, was 60,370. Vietnam era veterans totaled 18,990, or 31.5 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 9 in 1985 was 309,947; the average yearly wage was $18,155. The average covered employment in the services industry was 76,497; the average yearly wage in that industry was $16,860.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 10

In 1986, Service Delivery Area 10 saw positive economic signs. Total nonagricultural employment rose from 74,140 in 1985 to 77,750 in 1986, or 4.9 percent. Manufacturing employment increased by 5.7 percent from 27,680 to 29,260. The manufacturing industries with the largest increases were transportation equipment and nonelectrical machinery. The largest decreases were in apparel and primary metal industries. Nonmanufacturing employment increased from 46,460 to 48,490, or 4.4 percent. The trade industry had the largest net employment increase; losses occurred in contract construction; finance, insurance, and real estate; government; and all other nonmanufacturing.

Total population for Service Delivery Area 10 is projected to be 230,515 persons in 1987. Whites will make up 90.9 percent of the population; blacks will make up 8.5 percent. Approximately 49.3 percent of the total population will be male; 50.7 percent will be female. Persons 16 to 21 years old will number 22,551, or 9.8 percent of the population; persons 65 and over will make up 12.0 percent.

Total labor force is expected to be 119,620 in 1987. Over 90 percent of the labor force will be white; blacks will make up 8.1 percent. The labor force will consist of 69,409 males, or 58.0 percent of the total, and 50,211 females, or 42.0 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 20.7 percent. Males will have lower unemployment rates than females for all age groups except those over 65.

Persons drawing unemployment benefits totaled 35,115 for the period July 1, 1986, through March 31, 1987. Whites made up 85.5 percent of the total; males made up 51.2 percent. Clerical and sales occupations had the

greatest portion of the total unemployed at 21.4 percent; farming, fishery, and forestry reported the fewest claims at 1.0 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 24,754; 49.9 percent of these people will be age 55 or older. Whites will make up 82.7 percent of the adults below the poverty level. It is estimated that 4,648 youth 16 to 21 years of age will be below the poverty level; 81.9 percent of these persons will be white and 15.7 percent will be black.

The veteran population in Service Delivery Area 10 as of March 31, 1986, was 26,750. Vietnam era veterans totaled 7,940, or 29.7 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 10 in 1985 was 72,648; the average yearly wage was $16,845. The average covered employment in the services industry was 13,567; the average yearly wage in that industry was $18,212.

SDA 11

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 11

In 1986, Service Delivery Area 11 saw positive economic signs. Total nonagricultural employment increased from 53,920 in 1985 to 54,000 in 1986, or 0.1 percent. Manufacturing employment decreased by 4.7 percent from 26,010 to 24,800. The manufacturing industries with the largest increases were nonelectrical machinery and paper and allied products. The largest decreases were in electrical and electronic equipment and chemicals and allied products. Nonmanufacturing employment increased from 27,910 to 29,200, or 4.6 percent. Government had the largest net employment increase; losses occurred in transportation and public utilities and all other nonmanufacturing.

Total population for Service Delivery Area 11 is projected to be 185,320 persons in 1987. Whites will make up 90.6 percent of the population; blacks will make up 9.1 percent. Approximately 48.7 percent of the total population will be male; 51.3 percent will be female. Persons 16 to 21 years old will number 16,986, or 9.2 percent of the population; persons 65 and over will make up 14.2 percent.

Total labor force is expected to be 86,040 in 1987. More than 90 percent of the labor force will be white; blacks will make up 8.5 percent. The labor force will consist of 49,621 males, or 57.7 percent of the total, and 36,419 females, or 42.3 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 32.1 percent. Males will have lower unemployment rates than females for all age groups.

Persons drawing unemployment benefits totaled 17,226 for the period July 1, 1986, through March 31, 1987. Whites made up 85.6 percent of the total; males made up 50.3 percent. Benchwork occupations had the greatest portion of the total unemployed at 25.4 percent; farming,

fishery, and forestry reported the fewest claims at 1.6 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 23,017; 53.6 percent of these people will be age 55 or older. Whites will make up 88.5 percent of the adults below the poverty level. It is estimated that 3,422 youth 16 to 21 years of age will be below the poverty level; 60.3 percent of these persons will be white and 37.0 percent will be black.

The veteran population in Service Delivery Area 11 as of March 31, 1986, was 17,780. Vietnam era veterans totaled 5,010, or 28.2 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 11 in 1985 was 51,280; the average yearly wage was $14,701. The average covered employment in the services industry was 5,311; the average yearly wage in that industry was $11,785.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 12

In 1986, Service Delivery Area 12 saw positive economic signs. Total nonagricultural employment rose from 112,130 in 1985 to 115,360 in 1986, or 2.9 percent. Manufacturing employment increased by 0.3 percent from 44,890 to 45,040. The manufacturing industries with the largest increases were rubber and miscellaneous, furniture, and fabricated metal products. The largest decreases were in leather and apparel. Nonmanufacturing employment increased from 67,240 to 70,320, or 4.6 percent. The services industry had the largest net employment increase; a decrease occurred in the all other nonmanufacturing industry.

Total population for Service Delivery Area 12 is projected to be 396,258 persons in 1987. Whites will make up 80.8 percent of the population; blacks will make up 18.8 percent. Approximately 48.2 percent of the total population will be male; 51.8 percent will be female. Persons 16 to 21 years old will number 36,748, or 9.3 percent of the population; persons 65 and over will make up 15.2 percent.

Total labor force is expected to be 173,430 in 1987. More than 83 percent of the labor force will be white; blacks will make up 15.2 percent. The labor force will consist of 97,423 males, or 56.2 percent of the total, and 76,007 females, or 43.8 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 35.5 percent. Males will have lower unemployment rates than females for all age groups except those 65 and older.

Persons drawing unemployment benefits totaled 38,409 for the period July 1, 1986, through March 31, 1987. Whites made up 70.0 percent of the total; males made up 48.6 percent. Clerical and sales occupations had the greatest portion of the total unemployed at 18.7 percent;

farming, fishery, and forestry reported the fewest claims at 1.5 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 56,787; 55.6 percent of these people will be age 55 or older. Whites will make up 70.0 percent of the adults below the poverty level. It is estimated that 10,250 youth 16 to 21 years of age will be below the poverty level; 50.7 percent of these persons will be white and 47.1 percent will be black.

The veteran population in Service Delivery Area 12 as of March 31, 1986, was 36,490. Vietnam era veterans totaled 10,360, or 28.4 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 12 in 1985 was 106,030; the average yearly wage was $13,842. The average covered employment in the services industry was 13,669; the average yearly wage in that industry was $12,627.

SDA 13

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 13

In 1986, Service Delivery Area 13 saw positive economic signs. Total nonagricultural employment increased from 38,780 in 1985 to 39,750 in 1986, or 2.5 percent. Manufacturing employment remained constant at 17,440. The manufacturing industries with the largest increases were printing and publishing, apparel, and electrical and electronic equipment. The largest decreases were in all other durable, fabricated metal products, and chemicals and allied products. Nonmanufacturing employment increased from 21,340 to 22,310, or 4.5 percent. The trade industry had the largest net employment increase; decreases occurred in the transportation and public utilities and all other nonmanufacturing industries.

Total population for Service Delivery Area 13 is projected to be 140,538 persons in 1987. Whites will make up 79.9 percent of the population; blacks will make up 19.8 percent. Approximately 48.7 percent of the total population will be male; 51.3 percent will be female. Persons 16 to 21 years old will number 13,275, or 9.4 percent of the population; persons 65 and over will make up 13.6 percent.

Total labor force is expected to be 60,450 in 1987. Over 84 percent of the labor force will be white; blacks will make up 14.9 percent. The labor force will consist of 34,735 males, or 57.5 percent of the total, and 25,715 females, or 42.5 percent. Other nonhispanics in the 16-to-21 year-old range are expected to have the highest unemployment rate at 100.0 percent. Males will have lower unemployment rates than females for all age groups except for those 55 and over.

Persons drawing unemployment benefits totaled 19,667 for the period July 1, 1986, through March 31, 1987. Whites made up 73.6 percent of the total; males made up 48.1 percent. Machine trade occupations had the greatest

portion of the total unemployed at 26.7 percent; farming, fishery, and forestry reported the fewest claims at 1.4 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 19,667; 55.0 percent of these people will be age 55 or older. Whites will make up 64.4 percent of the adults below the poverty level. It is estimated that 3,851 youth 16 to 21 years of age will be below the poverty level; 45.9 percent of these persons will be white and 53.0 percent will be black.

The veteran population in Service Delivery Area 13 as of March 31, 1986, was 12,640. Vietnam era veterans totaled 3,810, or 30.1 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 13 in 1985 was 37,777; the average yearly wage was $15,740. The average covered employment in the services industry was 4,335; the average yearly wage was $11,506.

HIGHLIGHTS AND CONCLUSIONS
SERVICE DELIVERY AREA 14

In 1986, Service Delivery Area 14 saw positive economic signs. Total nonagricultural employment rose from 375,620 in 1985 to 390,580 in 1986, or 4.0 percent. Manufacturing employment declined by 0.8 percent from 50,660 to 50,270. The manufacturing industries with the largest increases were paper and allied products, printing and publishing, and lumber. The largest decreases were in nonelectrical machinery and furniture. Nonmanufacturing employment increased from 324,960 to 340,310, or 4.7 percent. The services industry had the largest net employment increase; no losses occurred in any nonmanufacturing industry.

Total population for Service Delivery Area 14 is projected to be 860,787 persons in 1987. Whites will make up 53.9 percent of the population; blacks will make up 45.2 percent. Approximately 48.5 percent of the total population will be male; 51.5 percent will be female. Persons 16 to 21 years old will number 83,804, or 9.7 percent of the population; persons 65 and over will make up 9.9 percent.

Total labor force is expected to be 404,559 in 1987. More than 63 percent of the labor force will be white; blacks will make up 34.8 percent. The labor force will consist of 221,605 males, or 54.8 percent of the total, and 182,954 females, or 45.2 percent. Blacks in the 16-to-21 year-old range are expected to have the highest unemployment rate at 29.4 percent. Males will have lower unemployment rates than females for all age groups.

Persons drawing unemployment benefits totaled 66,167 for the period July 1, 1986, through March 31, 1987. Whites made up 34.4 percent of the total; males made up 50.4 percent. Clerical and sales occupations had the

greatest portion of the total unemployed at 25.3 percent; farming, fishery, and forestry reported the fewest claims at 0.7 percent.

The number of adults aged 22 and older who will be below the poverty level in 1987 is estimated at 107,706; 37.1 percent of these people will be age 55 or older. Whites will make up 27.1 percent of the adults below the poverty level. It is estimated that 29,003 youth 16 to 21 years of age will be below the poverty level; 16.7 percent of these persons will be white and 80.5 percent will be black.

The veteran population in Service Delivery Area 14 as of March 31, 1986, was 89,250. Vietnam era veterans totaled 29,240, or 32.8 percent of all veterans.

The average employment of all establishments that were covered by the Tennessee Unemployment Insurance Law for Service Delivery Area 14 in 1985 was 334,040; the average yearly wage was $18,316. The average covered employment in the services industry was 77,785; the average yearly wage in that industry was $16,385.
